

# Let's get Cookin'!!

*Everything Kitchen & Everything Food*

Dear Keith,

We're off to another great year for our Let's get Cookin'! series of events. We would love to have you host our stages again this year and look forward to working with you.

Our audience gave very positive feedback and found The Champagne Chef to be fun, innovative and creative all the while providing a good bit of comedy and entertainment. At the same time we appreciate your sensitivity to our guest chefs on stage. You made everyone feel comfortable and taken care of. We really can't say enough to Thank You for all your hard work!

Keith, please give us a call so we can confirm our plans for 2005 in Denver, Dallas, Seattle, Portland, Sacramento, and Atlanta.

Again, thank you for your expertise and talents!
